

Looking for new Table officials!

My name is Kirsten and I organise all the table officials for our home games. I'd love to get some new people on board as the more people I have, the easier it is for me!

What do you need to be a table official?

- a basic knowledge of basketball rules
- be keen to learn more
- be able to help out once in a while (no pressure to table every week)

Perks?

- you get paid! (great way to get some extra pocket money)
- you can watch lots of great games of basketball
- you get to know other players, referees and table officials
- you'll learn lots more about the rules

To get started please complete these online courses:

- [Basketball Scotland Level 1 Training Course](#)
- [NBN23 electronic scoreboard training](#)

The bottom line is, if we don't have enough table officials, then basketball games will be forfeited, so it's vital to have as many people able to help out as possible. Thanks!

Parents are very welcome to become table officials too (that's how I started!). I mean, if you're going to be watching the game anyway, you might as well get paid and have a bit of extra excitement too!

If you have any questions just contact our table officials co-ordinator
